

Spring Break Study Abroad - Israel

Fundamentals of Aero-Thermal Measurement Techniques

TECHNION
Israel Institute
of Technology

Spring Break
March 8-17, 2019

Join Professor Guillermo Paniagua of Purdue University
and Professor Beni Cukurel of Technion - Israel Institute of Technology for a course in
“Fundamentals of Aero-Thermal Measurement Techniques”

This course will provide specific training on measurement techniques currently used in aerodynamic and heat transfer testing. Each day the morning lecture is coupled with an afternoon, hands-on demonstration in a modern lab in Technion, the Israel Institute of Technology. Additionally you will be exposed to a multitude of cultural and historical experiences, including Yeffe Nof at Haifa, Akko, Yad Vashem, Jerusalem, Dead Sea, Masada. This experience provides an opportunity to learn about the culture in Israel, their tradition, food...For more information contact: Professor Guillermo Paniagua, ME gpaniagua@purdue.edu

The course is open to: Everyone in Engineering and Polytechnic School

EXPAND YOUR WORLD
GLOBAL ENGINEERING PROGRAMS

The Office of Global Engineering Programs forges international partnerships to connect Purdue students, faculty and alumni with opportunities for impact.
